

Unit 2 — Transformations

September 29 – October 15

There is no homework in this unit. All the practice happens in the first ten minutes of class. Being here on time is the whole game.

Day	Type	What we do	Standard

WHAT GETS SCORED

	You will be scored on	Where
3.1	Translations, rotations and reflections	CFA Oct 7 · Test Oct 9 · Project Oct 15
3.2	Compositions — a sequence of transformations	CFA Oct 7 · Test Oct 9 · Project Oct 15
3.3	Dilations	CFA Oct 7 · Test Oct 9 · Project Oct 15
3.4	Represent transformations as functions	CFA Oct 7 · Test Oct 9 · Project Oct 15

Each standard gets its own score from 0 to 4. There is no total. A weak standard does not sink the others — it is just the one to work on. Below a 3 on any standard, you reassess it on an Intervention Monday, and the new score replaces the old one.

WHAT TO BRING

Your lab packet, a pencil, and your Chromebook charged. The Student Notebook is on Google Classroom — open it when you miss a day or get stuck.
